TELE-THERAPY SERVICES AVAILABLE!!!!

The health and safety of our employees, clients and families is our top priority each and every day. The importance of mental health services at this critical time and in response to the Coronavirus outbreak, we are now offering Tele-therapy via phone or computer. Most insurance companies are covering these services and we will check your benefits to confirm.

We will continue to see clients at our office, but it is important to let you know there is an alternative to if you are concerned about leaving your home or are unable to. We have six different clinicians available for you.

Please forward this message so those that need assistance can be assured services are available. Contact us via phone or text at 208-405-0020 or email at insight83661@gmail.com. Thank you in advance for your understanding as we navigate this challenging environment. The health and safety of our clients and employees will remain our top priority.

Sincerely,
Insight Counseling and Therapy Staff

Becky Wolery, PsyD
