

# Student Printing

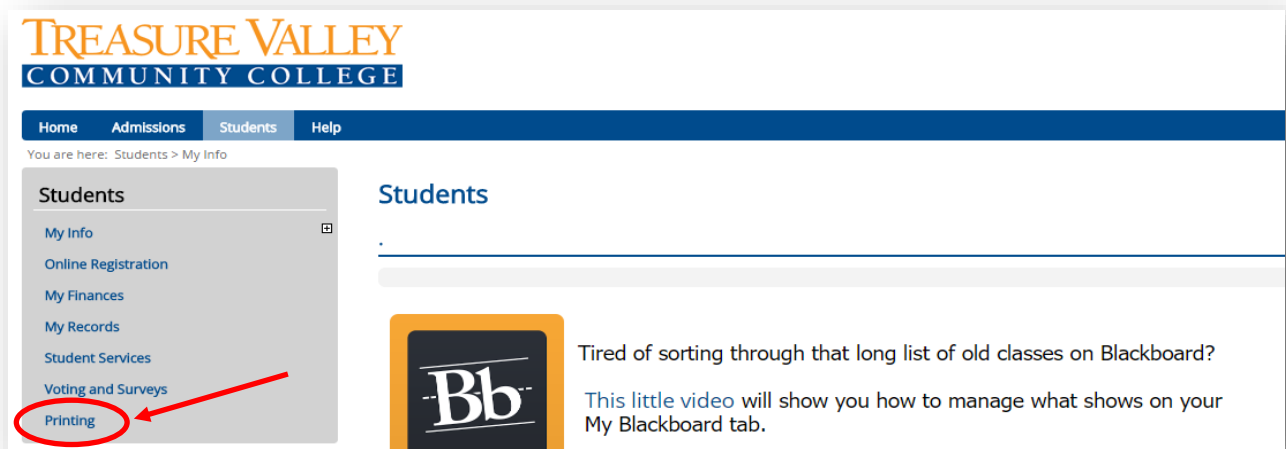

Students can now manage their own printing from the MyTVCC website. At the beginning of each quarter students are granted 100 prints to use at TVCC for black and white printing in labs, classrooms, kiosks or web printing. More pages may be purchased in 50 pages increments for \$5.00 each. View your printing balance, add funds to your printing account, or print from your own laptop and add your documents through the web.
